

U11/U12 Recreational Program 2020/21

U11/U12 Recreational Program – The Richmond FC U11/U12 Recreational Program for girls and boys is the 2nd stage of the player’s development at RFC and is part of the Foundation phase within the club framework, which falls under the ***Learn to Train*** Stage in the Canada Soccer Long Term Player Development Model. There are 2 streams within the Foundation phase, the “Recreational Stream” and the “Development Stream”. This program falls in the Recreational Stream.

The U11/U12 Recreational Program will have an RFC Technical Lead assigned to oversee and co-ordinate program with the objective to provide mentorship and guidance to all the club coaches within the age group during training and games.

The RFC Technical Lead will also provide support to the players during training sessions and game days, with the aim to provide the best development environment possible for this group of players at their current stage of their development.

The training model would follow the CSA’s best practice model for this stage of development, with 2 sessions per week, 1st session 1 hour 30mins in duration and the 2nd session 1 hour in duration.

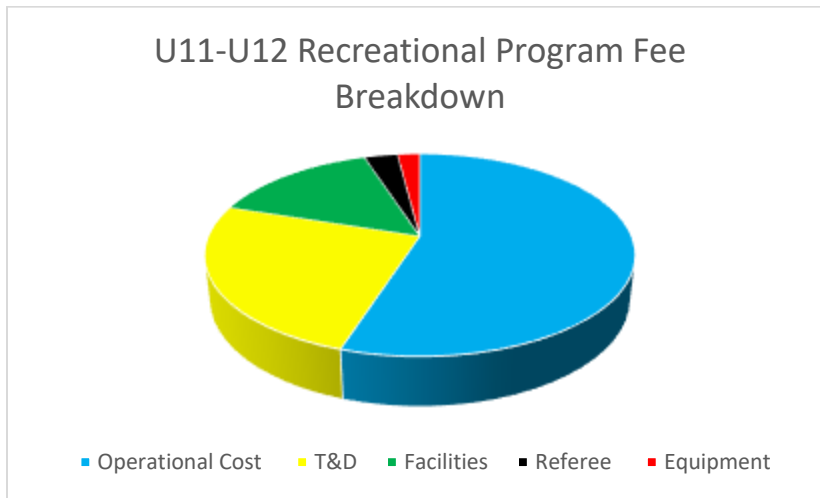

The curriculum for this program has been developed by the RFC Executive Director and follows the guidelines outlined in the Canadian Soccer Associations LTPD Model.

Games would be 1 time per week, and would be 8v8 format as per the Canadian Soccer Associations LTPD small sided guidelines.

Due to recent changes in the league structure within the lower mainland, Richmond FC is now responsible for incorporating this age group and division within its Recreational League. Therefore RFC has decided to combine the 2 age groups, and have teams play within its domestic/in-house League

Cost: \$350 per player
