

RFC Chair Report

2019 - 2020

The 2019 - 2020 season started out great! But ended not so much.

Changes - RFC added an Executive Director in February 2020 - Marius Roevde. His experience, knowledge and passion to ensure all kids in Richmond have an opportunity to play, and play at the highest level they want to, is something that we wanted to be part of our Club.

We let our Technical Director go. Steve spent 5 years with the Club and it is hoped he succeeds wherever he ends up!

We expanded our programming in the spring to include all kids, of all genders. We are extremely encouraged from the letters, emails and phone calls of support received, that we are on right path

Budget - RFC is in a deficit position for the year ended March 31, 2020. It is likely that this would have been much different, had we not lost the last month of the year.

Gaming Grant - RFC received \$100k for the year past. We are expecting to receive the same amount for the coming year. For following year, 2021-2022, this could change!

Community - RFC has pushed hard to become engaged and part of the community. Expect to see RFC support many different organizations. Look for the RFC Truck!

Governance - we continue to work for proper and efficient governance.

And lastly, three times running for this closing line - RFC has a tremendous amount of people within its organization who are passionate, focused, hard working and excited to ensure that the program delivered is the best one possible. RFC doesn't exist without its volunteers.

Sincerely, Thank You. It has been an absolute pleasure to work with you with this past year.

Rein Weber
